Welcome, Admin! I'm listening. What is one thing you enjoy doing?
I'm Neha.

Admin:

I enjoy talking to you.

Neha:

That's great to hear! What's a topic you love chatting about? Maybe we can practice some new words around that.

Admin:

But the e it was never with the e. Is it?

Neha:

With the e ka matlab hai aap the ke baare mein pooch rahi hain. The ek article hai, jaise a ya an. Iska istemaal kisi specific cheez ke liye hota hai. Ab boliye I enjoy talking to you ab the laga kar try kijiye.

Admin:

Okay. Fine. This is good.

Neha:

Great! Let's try a new sentence. Say, I enjoy talking to you. Now, add the article the before you and say it slowly. Repeat after me I enjoy talking to the you. Notice the stress on the. Now, can you say it again, but this time make it a question Do you enjoy talking to the you? Give it a try
